Dear Aromas Water District Customer,

As the global effect of coronavirus (COVID-19) continues to evolve, Aromas Water District (AWD) is firmly committed to the health and safety of our customers, employees and our unique community. The AWD Board and Management are closely monitoring the everchanging situation and complying with public health guidance.

As you might have heard or noticed, we have taken measures to protect both our customers and our staff. We have reduced public access to our office and have established alternative methods for payment. Please see our web page for up to date information.

Know that the dedicated employees of the AWD are working hard to maintain levels of service to and delivery of high-quality water to all our customers. As new information becomes available, management will keep staff well informed so they can accommodate any changes as necessary.

We thank you in advance for your patience and understanding.

Thank you,

AWD Board and Management
